servicenow's service**

Name : Bharathi U

Register No : 723621104009

Year : IV

Semester : 07

configuring exclusive access to apple 15 pro max in servicenow's service

ABSTRACT:

This guide outlines the steps to set up exclusive access to the Apple iPhone 15 Pro Max in the ServiceNow IT service catalog. It involves creating user accounts and groups, setting access criteria, and organizing the device within a dedicated catalog and category. Finally, the device is added as a catalog item and assigned to the user portal, allowing only eligible users to view and request it. This setup ensures secure, streamlined access to the iPhone 15 Pro Max, making it easy to find and request within the IT service catalog..

Pre-Requisites:-

- Knowledge on Service now administration
- Knowledge on Service catalog
- Knowledge on users
- Knowledge on groups

Skills used to solve the problem statement:-

1. Service Now Administration.

Two Major Method :

- Implementation
- Result

Implementation:

Activity-1 : Create Users

1. Open service now.
2. Click on All >> search for users
3. Select Users under system security
4. Click on new
5. Fill the following details to create a new user

Cocclusion:

Setting up exclusive access to the Apple iPhone 15 Pro Max in the ServiceNow IT service catalog is a structured process that ensures only authorized users can view and request the device. By following the steps of creating users, organizing groups, setting criteria, and configuring the catalog and portal, organizations can efficiently manage access and improve user experience. This setup balances security and usability, providing a seamless way to handle high-demand resources within the IT service environment.
